

'50 things to do before you're 5'

'50 things to do before you're 5' (or a bit older!) is a child centered programme that suggests 50 low / no cost activities that parents and carers can enjoy with their child whilst promoting communication and language development. Each one of the '50 things' is a fun activity, with guidance and links to local points of interest and places to visit. Families can access the '50 things' to do before you're 5 for FREE by downloading a mobile phone app which provides detailed information of the benefits of each activity and key health messages. The app is available at the App Store or you can get it on Google Play. The website and resources also give more detail on the focus on the development of speech, language and communication skills as well as social and emotional skills in children aged birth to five. There are lots of great activities for all the family to enjoy.

Safety

Unfortunately, we are experiencing some unwanted trespassing on school grounds during the early evening and when the school is closed, causing damage to our property. We have taken steps as a school to try and prevent these unwanted visitors, including notifying the police and our local PCSO, who will now ensure extra patrols around the times when school is not open to the children. Please can I ask for your support in reporting anything suspicious to the police, either through the PCSO contact, the non-emergency 101 number, or 999 if deemed appropriate. Thank you.
